

## COMPANY PROFILE

# Digital solutions for smarter work.

Operational Excellence • Quality Management • HSE • ESG

Products + services designed around real processes,  
practical digital workflows and measurable improvement.

### Digitize

Turn ideas into solutions

### Standardize

Drive consistent ways of working

### Gain Visibility

Make better, data-driven decisions

### Enable People

Build a culture of continuous improvement

### Create Sustainable Value

For today and a better tomorrow

IDEAS  
PROCESSES  
PEOPLE  
PLANET  
PROGRESS

## Measure. Manage. Transform.

Digital solutions for smarter work.

## PRODUCT FAMILY

# Operational Excellence

Turn daily improvement into a connected digital workflow.

MetricMind's Operational Excellence solution helps organizations build a culture of continuous improvement by digitizing shop-floor processes, visual management and action tracking — making performance visible, consistent and sustainable.

SEE  
SOLVE  
IMPROVE  
TOGETHER

-  Greater Visibility
-  Faster Actions
-  Engaged Workforce

## FROM THE SHOP FLOOR TO SUSTAINABLE IMPROVEMENT

“  
Real improvement happens when everyone can see, contribute and take action.”

DIGITAL WORKFLOWS.  
REAL RESULTS.

## BUSINESS VALUE

-  Greater visibility
-  Faster action closure
-  Stronger improvement culture
-  Higher productivity
-  Sustainable performance

A MORE EFFICIENT,  
ENGAGED AND RESILIENT  
OPERATION.

PRODUCT FAMILY

# Quality Management System (QMS)

Connect quality processes, evidence and decisions in one digital workflow.

MetricMind's QMS solution digitizes and simplifies quality management, helping organizations ensure compliance, reduce risk, and drive a culture of continuous improvement.

- COMPLIANCE
- CONFIDENCE
- CONTINUOUS IMPROVEMENT
- Ensure Compliance
- Reduce Risk
- Improve Efficiency
- Build Trust

## KEY MODULES

- Document Control**  
Controlled documents, revision visibility, approval workflows and access.
- Audit Management**  
Plan, execute, record findings, assign actions and track closure.
- NCR / CAPA**  
Digital nonconformance, RCA, corrective and preventive action workflows.
- Inspection & Quality Records**  
Digitize inspection plans, checklists, evidence and release records.
- Calibration**  
Asset register, QR identification, due-date tracking and status visibility.
- Supplier Quality**  
Supplier performance, issues, audits, actions and improvement tracking.
- Customer Feedback**  
Capture feedback, complaints and satisfaction insights with follow-up actions.
- Risk Assessment**  
Identify, assess and monitor quality risks, controls and opportunities.

## FROM FINDING TO LASTING IMPROVEMENT

*Better quality today.  
A stronger tomorrow.*

DIGITAL PROCESSES.  
REAL CONFIDENCE.

## BUSINESS VALUE

- Greater compliance
- Fewer quality issues
- Faster closure cycles
- Higher process efficiency
- Stronger supplier performance
- Data-driven decisions

**QUALITY  
BUILDS  
POSSIBILITIES.**

## PRODUCT FAMILY

# Health, Safety & Environment (HSE)

**Safer people. Safer operations.  
A more sustainable tomorrow.**

MetricMind's HSE solution digitizes safety and environmental management, helping organizations identify risks, prevent incidents and build a culture of care and responsibility.

### PRODUCT UNDER DEVELOPMENT

Building to serve your HSE needs. Stay tuned for updates.

PEOPLE  
SAFETY  
SUSTAINABILITY  
**TOGETHER**

Reduce Incidents

Ensure Compliance

Protect People and Environment

Build a Safer Workplace

## KEY MODULES

### Capture

Report hazards, incidents and observations

### Assess

Investigate, analyze and identify root causes

### Act

Implement corrective and preventive actions

### Verify

Track effectiveness and compliance

### Improve

Build a safer, healthier and more sustainable workplace

*A safer tomorrow is built by what we do today.*

PEOPLE. PLANET. PERFORMANCE.

## BUSINESS VALUE

Fewer incidents

Healthier and more engaged people

Environmental compliance

Faster response and resolution

Data-driven decisions

**SAFE OPERATIONS  
STRONGER PEOPLE  
BRIGHTER TOMORROW.**

PRODUCT FAMILY

# Environmental, Social & Governance (ESG)

Measure today. Build a more sustainable tomorrow.

MetricMind's ESG solution (under development) will help organizations track, manage and improve environmental, social and governance performance with digital tools, action tracking and real-time insights.

**PRODUCT UNDER DEVELOPMENT**

Building to serve your ESG needs. Stay tuned for updates.

M2S  
SUSTAINABLE  
TOMORROW

A CLEANER  
SAFER  
BRIGHTER  
TOMORROW

Track  
Environmental Impact

Enable  
Social Responsibility

Strengthen  
Governance

Drive  
Sustainable Growth

KEY MODULES (PLANNED)

**Environmental Management**

Track energy, carbon emissions, water usage, waste and biodiversity.

**Social Management**

Manage community initiatives, employee well-being, diversity and social impact.

**Governance Management**

Track policies, compliance, ethics and risk management.

**ESG Targets & Action Plans**

Define goals, track progress and manage initiatives.

**Reporting & Analytics**

Real-time dashboards and ESG performance insights.

**Data Management**

Integrate and manage ESG data across sites and functions.

FROM COMMITMENT TO A SUSTAINABLE FUTURE

**Collect**

Capture ESG data across operations

**Analyze**

Measure impact and identify opportunities

**Act**

Implement initiatives and track progress

**Verify**

Ensure compliance and report with evidence

**Improve**

Drive continuous improvement towards ESG goals

*A more sustainable tomorrow is a shared responsibility.*

PLANET.  
PROGRESS.

BUSINESS VALUE
